

LG G Stylo Battery Replacement

This prerequisite guide will explain how to replace a battery in the LG G Stylo.

Written By: Douglas Schmidt

INTRODUCTION

If your phone dies quickly even when it was full charged or doesn't even charge at all, this guide will walk you through how to replace the battery of your phone. Only tool you need for this guide is plastic opening tool.

TOOLS:

- [iFixit Opening Tools](#) (1)

PARTS:

- [LG G4 Battery](#) (1)

G4 Battery is same battery needed for LG G Stylo

Step 1 — Battery

 Make sure that you power off the phone before beginning.

- Remove the back cover by placing the plastic opening tool on the bottom left side of the device and gently prying up.
-  There is a small slit that fits the plastic opening tool perfectly on the left side.

Step 2

- Insert the plastic opening tool into the indent at the bottom of the battery and lift up. Fully remove the battery with your fingers.

To reassemble your device, follow these instructions in reverse order.
